Large-Format Specialty Print Media

Double Matte Film, 160gsm

This 5mil polyester film is matte on both sides to reduce glare and create light diffusion. This media will produce drawings with high density, low dot gain and sharp lines and is erasable for CAD, engineering and architect drawing applications that require changes.

Coated Papers/CAD/GIS

Blue prints, maps, schedules and sketches are ideally rendered with Canon large format printers. These media are ideal for engineers and architects as well as CAD and GIS applications. For everyday use and draft printing, Canon has a wide variety of durable, inexpensive coated paper.

With Canon media, you can count on consistently superb image quality and product performance. Canon media goes through rigorous testing to ensure compatibility with imagePROGRAF printers in order to provide the best image quality.

Applications

- CAD Drawings
- Architect Drawings
- GIS Applications
- Civil Engineering Drawings
- Electrical Engineering Drawings

THE RIGHT MEDIA FOR THE JOB

Whether you're drafting designs or producing point-of-purchase displays, signage, fine art and photo reproductions, Canon has the right large-format media to satisfy virtually every market.
