

# Large-Format Specialty Print Media

## Premium RC Photo Luster, 255gsm

This media is micro-porous coated on resin-coated base paper and is ideal for retail and point of purchase displays. It has quick drying characteristics and is less susceptible to water damage when compared to plain paper. It provides a look and feel of true professional E Surface photographic prints.

### Canon Photographic/Glossy Papers

High-end photography and portraits demand excellent photographic paper, and Canon offers a wide variety to meet virtually every printing need. Accurate clear reproduction of digital images is a breeze with Canon photographic and glossy media options.

With Canon media, you can count on consistently superb image quality and product performance. Canon media goes through rigorous testing to ensure compatibility with imagePROGRAF printers in order to provide the best image quality.
