Large-Format Specialty Print Media

Scrim Banner Vinyl, 460gsm

Scrim Banner Vinyl is a high tensile strength banner with a block-out layer to prevent shine through. It consists of a polyester fabric that is embedded between two scrim vinyl layers, which allows it to be less susceptible to tearing. Ideal for event signage in art galleries, museums, supermarkets and service stations. This banner may be sewn or finished with grommets.

Canon Sign/Banner/Display Media

Eye-catching signs, bulletins, and announcements are easy to create with Canon large format printers. To suit many applications, our sign and banner media are tear resistant and offer a variety of special features, such as adhesive backing and vinyl coating.

With Canon media, you can count on consistently superb image quality and product performance. Canon media goes through rigorous testing to ensure compatibility with imagePROGRAF printers in order to provide the best image quality.
